ACCELERATORS

Helping accelerate Jesus'
mission by starting
new churches.

ignite church planting history

In the past 14 years, Ignite has planted and partnered with 26 different church plants in Chicagoland.

Our past five church plants have a combined Sunday morning attendance of over 1,000 people. Each of these churches have baptized numerous people into a relationship with Jesus Christ.

challenge

There are many communities in Chicagoland that are underchurched. This region is home to almost 7 million people who have no relationship with Jesus and His Church. Hearing the cries of the harassed and helpless, we must do more to connect people to Jesus.

our goal

Accelerate the spread of Jesus' mission by starting more churches!
