Are you a church planter?

Over 10 million people live in Chicagoland

Only 40% of those people are claimed by a church

That means an estimated 6 million are unclaimed by any church

In reality, that number is probably much higher

Our solution to reaching the unreached:

PLANT NEW CHURCHES

The church planting experience is challenging. We are committed to caring for our church planters and families. This care takes the form of:

FUNDING We provide a salary for the church planter and help raise additional support.

ASSESSMENT We place people into settings where they will succeed utilizing a variety of pre-assessment materials and an assessment center.

COACHING We have quality coaches in our system who have launched and grown new churches in Chicagoland. These coaches maintain regular contact with the planter, helping through the planting process and beyond.

MENTORING Our planters meet regularly with other church planters for encouragement, spiritual guidance, and troubleshooting of situations in the new church.

ON-SITE SUPPORT SERVICES Ignite staff live in Chicagoland and are familiar with the territory. We provide administrative assistance and support for the new church plant, as well as support and encouragement to the planter in the field.
